Program Overview

▶ Executive Summary

Teravue’s 2026 calendar bridges advisory insight and applied learning. Each program is built on our consulting experience across DFIs, energy, and finance sectors, ensuring measurable institutional outcomes.”

▶ Types of Training Programs – 2026

Teravue’s capacity-building framework is built on a four-tier training model that aligns institutional ESG maturity with learning depth. Each category is designed to move organisations from awareness to implementation, embedding sustainability and governance excellence across all functions. The programs are modular, practical, and benchmarked against IFC Performance Standards, GRI 2021, and IFRS S1/S2 frameworks.
